Having regard to the above, and Rule 1005 of the Listing Manual which allows the SGX-ST to aggregate separate transactions completed within the last 12 months and treat them as if they were one transaction, the Transactions constitute a "major transaction" under Rule 1014 of the Listing Manual and is subject to the approval of shareholders of the Company, unless a waiver is granted by the SGX-ST.

## **7. WAIVER APPLICATION**

### **7.1 Waiver from Requirement to Comply with Rule 1005 and Rule 1014(2) of the Listing Manual**

The Company had prior to the date of this Announcement made an application to the SGX-ST (the "**Waiver Application**") for a waiver of the requirement under (the "**Waiver**"):-

- (a) Rule 1005 of the Listing Manual, to aggregate the Sale Shares Transaction and the Sale Units Transaction together; and
- (b) Rule 1014(2) of the Listing Manual, for the Company to obtain the approval of shareholders of the Company for the Transactions.

### **7.2 Grounds for seeking the Waiver**

The Company's grounds for seeking the Waiver are as follows:-

- (a) **The Transactions do not fall within the policy intent of Rule 1005 of the Listing Manual.**

Rule 1005 of the Listing Manual seeks to address the situation where a listed issuer may "break up" transactions so as to avoid having to announce the transaction and/or to obtain shareholders' approval in respect of the same. The Company has no intention on breaking up the Sale Shares Transaction and the Sale Units Transaction to avoid having to announce the Transactions.

- (b) **The Sale Shares Transaction, the Sale Units Transaction, and the Transactions are not substantial when compared to the Group's net asset value.**

This is evidenced by the relative figures under Rule 1006(a) and Rule 1006(b) of the Listing Manual for the Sale Shares Transaction, the Sale Units Transaction, and the Transactions.

(c) **The Sale Shares Transaction, the Sale Units Transaction, and the Transactions are not a disposal of the Group's core business.**

Though the Company owns 51% in SIP, the Group is not involved in the day to day management of the Sabana Manager or Sabana REIT. Moreover the Group has only one board seat out of total four board seats in the Sabana Manager, and is currently represented by Mr Chua Tiong Hock only, a non-executive director, who does not make executive decisions on the day to day operations of the Sabana Manager.

In addition, the main business of the Group is in providing integrated logistics solutions and freight and logistics services, which comprised approximately 46.5% of the Group's revenue based on unaudited third quarter financial statements ended 31 January 2019, 90.2% of the Group's revenue in FY2018, 82.5% of the Group's revenue in financial year 2017 ("**FY2017**"), and 56.6% of the Group's revenue in financial year 2016 ("**FY2016**"). The SIP Group are part of the Group's real estate business, which comprised approximately 50.0% of the Group's revenue based on unaudited financial statements for the nine months period 31 January 2019 ("**9MFY2019**"), approximately 3.0% of the Group's revenue in FY2018, 8.1% of the Group's revenue in FY2017 and 37.2% of the Group's revenue in FY2016. The surge in revenue figures of the Group's real estate business is primarily due to the completion of the first government-approved resettlement housing project and the revenue recognised using the percentage of completion method for the second housing development project in FY2016, and completion of the mixed residential and commercial development project in 9MFY2019. All the completed projects are in Jiangyin, China, of which the Sale to be disposed of did not contribute to this increase. The gradual increase in the proportion of revenue that the Group's freight and logistics business brings juxtaposed with the gradual decrease in the proportion of revenue that the Group's real estate business brings also demonstrates the Group's effort to recalibrate its revenue streams for the Group, so as to deliver positive value to the Company's shareholders.

(d) **The Sale Shares Transaction, the Sale Units Transaction, and the Transactions would not result in a material change to the Group's nature of business, or change the risk profile of the Group.**

As mentioned in Section 7.2(c) of this Announcement, given that the proportion of revenue that the Group's real estate business (which SIP Group are part of) contribution has been small in proportion relative to the Group's core business, the Company does not expect the Transactions to have a significant adverse impact on the earnings, the net tangible assets or the net asset value of the Group.

In addition, the risk profile of the Group will not change as the Group has been consolidating and focusing on developing its freight and logistics business; the Group has established new footholds worldwide including in the Czech Republic, Poland, Slovenia where the Group has been able to secure more cargo, more customers and more agency partnerships; the Group will seek opportunities arising from the One Belt One Road initiative.

(e) **The Transactions will bring financial benefit to the Group.**

As mentioned earlier, the net proceeds of the Transaction will be used to conduct a partial redemption of the Series 003 Notes and to repay an existing banking facility the Company has obtained from United Overseas Bank Limited with a surplus of S\$19,537,326.24 after repayment.

In this regard, the Transactions will enable the Group to minimise its liabilities, strengthen the Group's financial and liquidity positions as there would be a positive impact on the working capital and gearing of the Group. This would free up the Group's resources and capital for allocation to the Group's core business and towards satisfying the Group's debts.

(f) **The Transactions are of a price-sensitive and time-sensitive nature.**

If an extraordinary general meeting ("EGM") needs to be convened, this may be detrimental to the Group and, accordingly, its shareholders as the delay caused by the convening of an EGM may jeopardise the Transactions as speed and deal certainty are important considerations to InfinitySub and E-Shang Infinity.

If the Group is not able to sell the Sale Shares and the Sale Units to InfinitySub and E-Shang Infinity, there is a risk that the Group may not be able to obtain a similar commercially favourable offer in the near future. As at the date of the Waiver Application, the Company has not received any other offers which are more favourable than the one offered by InfinitySub and E-Shang Infinity. Thus, it is imperative that the Company completes the Transactions expeditiously so as to take advantage of this opportunity and minimise transaction, completion, and/or enforcement risks.

(g) **The Transactions are not prejudicial to the interests of the minority shareholders of the Company.**

The terms of the Transactions are negotiated based on normal commercial terms and on an arm's length basis.

### **7.3 Grant of Waiver**

The Company has obtained the Waiver from the SGX-ST, subject to the following:-

- (a) the Company announcing the Waiver granted, the reasons for seeking the Waiver, the conditions as required under Rule 107 of the Listing Manual, and if the Waiver conditions have been satisfied as SGX-ST considers appropriate; and
- (b) the Company making an immediate disclosure via SGXNet if it is / will be in contravention of any laws and regulations governing the Company and the constitution of the Company arising from the Waiver.

If the Waiver conditions have not been met on the date of the announcement, the Company must make an update announcement when the Waiver conditions have all been met. The Waiver will not be effective if the Waiver conditions have not been fulfilled.

#### **7.4 Fulfilment of Waiver Conditions**

Pursuant to Section 7.3 of this Announcement, the Company wishes to announce that all the Waiver conditions have been fulfilled. As the SGX-ST has granted the Waiver, the Company will not be convening an EGM to obtain the approval of shareholders of the Company for the Transactions.

### **8. INTEREST OF DIRECTORS AND CONTROLLING SHAREHOLDERS**

Eric Khua Kian Keong holds directly 3.12% of, and is deemed to be interested in 48.44% of the total number of issued shares in the capital of the Company.
