E. NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS

1. Corporate information

Vibrant Group Limited ("the Company") is incorporated in the Republic of Singapore with its principal place of business and registered office located at 51 Penjuru Road #04-00, Singapore 609143. The Company is listed on the Singapore Exchange Securities Trading Limited.

These condensed interim consolidated financial statements as at and for the half year ended 31 October 2025 comprise of the Company and its subsidiaries (collectively, the Group).

The principal activities of the Group are those relating to freight forwarding, chemical logistics, warehousing and logistics, leasing of industrial buildings, investment holding, real estate fund and property management services, financial leasing services, property development and property investment. The principal activities of the Company are that of an investment holding company.

The immediate holding company during the financial period is Vibrant Capital Pte. Ltd., a company incorporated in Singapore.

2. Basis of Preparation

The condensed interim financial statements for the half year ended 31 October 2025 have been prepared in accordance with SFRS(I) 1-34 *Interim Financial Reporting* issued by the Accounting Standards Council Singapore. The condensed interim financial statements do not include all the information required for a complete set of financial statements. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Group's financial position and performance of the Group since the last annual financial statements for the year ended 30 April 2025.

The accounting policies adopted are consistent with those of the previous financial year which were prepared in accordance with Singapore Financial Reporting Standards (International) ("SFRS(I)s").

The condensed interim financial statements are presented in Singapore dollars (S\$), which is the Company's functional currency.

2.1. New and amended standards adopted by the Group

The Group has applied various new accounting standards and interpretations of accounting standards for the first time for the annual period beginning on 1 May 2025. The application of these standards and interpretations did not have a material effect on the condensed interim financial statements.

2.2. Use of judgements and estimates

In preparing the condensed interim financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

The significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the consolidated financial statements as at and for the year ended 30 April 2025.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

Management is of the opinion that any instances of application of judgements are not expected to have a significant effect on the amounts recognised in the condensed interim financial statements.

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment to the carrying amounts of assets and liabilities within the next interim period are included in the following notes:

Useful lives of property, plant and equipment and right-of-use assets

The cost of property, plant and equipment and right-of-use assets of the Group are depreciated on a straight-line basis over their estimated useful lives. For property, plant and equipment and right-of-use assets, management estimates the useful lives to be ranging from 2 years to 60 years. The Group reviews annually the estimated useful lives of property, plant and equipment and right-of-use assets based on factors that include asset utilisation, internal technical evaluation, technological changes and anticipated use of the assets. It is possible that future results of operations could be materially affected by changes in these estimates brought about by changes in the factors mentioned. A reduction in the estimated useful lives of property, plant and equipment and right-of-use assets would increase depreciation expense and decrease non-current assets.

3. Seasonal Operations

The Group's businesses are not affected significantly by seasonal or cyclical factors during the financial period.

4. Segment and revenue information

The Group has three reportable segments, as described below, which are the Group's strategic business units. The strategic business units offer different services and are managed separately because they require different marketing strategies. For each of the strategic business units, the Group's CEO (the chief operating decision maker) reviews internal management reports regularly.

The following describes the operations in each of the Group's reportable segments:

- Freight and logistics business: provision of international freight forwarding services, distribution, storage and warehousing services, records management, document storage, provision of chemical logistics, transportation and warehousing activities.
- Financial services: financial leasing services and investment holdings.
- Real estate business: property development, construction services and property investment.

Information regarding the results of each reportable segment is included below. Performance is measured based on segment profit before income tax, as included in the internal management reports that are reviewed by the Group CEO. Segment profit is used to measure performance as management believes that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries.

Inter-segment pricing is determined on mutually agreed terms.

Segment results, assets and liabilities include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Unallocated items mainly comprise investments and related revenue, current and deferred taxes, corporate assets and head office expenses.

Segment capital expenditure is the total cost incurred during the period to acquire property, plant and equipment, new leases, intangible assets other than goodwill and investment properties.

Geographical segments

The freight and logistics, financial services and real estate business segments are managed on a worldwide basis but operate in eight principal geographical areas.

In presenting information on the basis of geographical segments, segment revenue is based on the geographical location of customers. Segment assets are based on the geographical location of the assets.

10. Earnings per share

The calculation of the basic and diluted earnings per share attributable to the ordinary owners of the Company is based on the following data:

	The Group First Half 31.10.2025	First Half 31.10.2024
Profit for the period attributable to owners of the Company (\$'000)	5,178	3,311
Weighted average number of ordinary shares (excluding own shares held)* ('000)	679,389	682,266
Basic and diluted earnings per share is based on:		
Net profit attributable to ordinary shareholders (\$'000)	5,178	3,311
Basic earnings per share (cents)	0.76	0.49
Diluted earnings per share (cents)	0.76	0.49

*For the purpose of calculating the diluted earnings per ordinary share, the weighted average number of ordinary shares in issue is not adjusted to take into account the dilutive effect arising from the dilutive potential ordinary shares weighted for the period outstanding, as there were no dilutive potential ordinary shares during the period.

11. Dividends

No interim dividend for the half year ended 31 October 2025 (31 October 2024: Nil) is recommended.

Fair value measurement of investment properties

The Group's investment properties are stated at fair value based on valuation carried out by independent professional valuers, who have the appropriate qualification and experience in the location and category of the properties being valued.

In estimating the fair value of the investment properties, the highest and best use of the properties is their current use. The Group classified fair value measurement using a fair value hierarchy that reflects the nature and complexity of the significant inputs used in making the measurement. As at 31 October 2025 and 30 April 2025, the fair value

VIBRANT GROUP LIMITED
UNAUDITED CONDENSED INTERIM FINANCIAL STATEMENTS FOR HALF YEAR ENDED 31 OCTOBER 2025

measurement of the Group's investment properties is classified within Level 3 of the fair value hierarchy. There were no transfers between different levels during the reporting period.

The Group's investment properties were last revalued in April 2025. The management has reviewed the appropriateness of the valuation methodologies, inputs and assumptions adopted in the last valuation and determined that the fair values reported in these condensed interim statements of financial position (and the corresponding change in fair values to be reported in the statement of comprehensive income) have not changed significantly since 30 April 2025.

F. OTHER INFORMATION REQUIRED BY LISTING RULE APPENDIX 7.2

1. Review

The condensed interim consolidated statements of financial position of Vibrant Group Limited and its subsidiaries as at 31 October 2025 and the related condensed consolidated statement of profit or loss and other comprehensive income, condensed consolidated statements of changes in equity and condensed consolidated statement of cash flows for the six-month period then ended and certain explanatory notes have not been audited or reviewed.

2. Review of performance of the Group

Review of the Consolidated Income Statements

The Group's revenue decreased by 9.7% to \$71.0 million for the half year ended 31 October 2025 ("1H2026"), mainly due to weaker performance in the freight and logistics segment. This was driven by a decline in overall freight business activities and softer demand for the chemical logistics business. Consequently, gross profit decreased by 6.8% to \$22.5 million, compared to \$24.2 million in 1H2025.

Other income declined by 46.4% to \$1.7 million in 1H2026, primarily due to the absence of fair value gains on equity investments and lower gains from the disposal of other investments and foreign exchange. The foreign exchange gain of \$1.2 million in 1H2026 mainly arose from the strengthening of the Malaysian ringgit.

Other operating expenses remained broadly comparable, recording a slight decrease of 5.7%.

Administrative expenses declined by 4.8% to \$16.0 million in 1H2026, mainly due to lower legal and professional fees.

Finance income increased by 9.8% to \$1.6 million in 1H2026, largely attributable to interest income from debt acquired from China Railway Construction Engineering Group Co., Ltd owed by the Group's 31%-owned Chinese associated company, Vibrant Pucheng Logistics (Chongqing) Co., Ltd. Finance costs decreased by 21.5% reflecting lower interest expenses on bank borrowings and lease liabilities.

The Group recognised a reversal of impairment loss of \$0.7 million on associate in 1H2026, compared to an impairment loss recorded in 1H2025. The Group reported share of profits of \$1.2 million from associated companies, mainly contributed by FM Global Logistics Holdings Bhd and Ececil Pte Ltd, partially offset by share of losses from other associates.

Income tax expenses decreased by 25.5% to \$1.1 million in 1H2026, due to lower taxable profits and the reversal of prior-year tax provision.

As a result of the above, the Group recorded a net profit of \$6.1 million in 1H2026, compared to \$4.5 million in 1H2025.

Explanatory Notes to Statements of Financial Position

The Group's non-current assets decreased by \$1.3 million to \$325.8 million as at 31 October 2025 mainly due to depreciation charged during the period on property, plant and equipment and right-of-use assets.

Current assets increased by \$5.2 million to \$139.0 million, driven primarily by higher loan receivables from related parties and increased non-trade amounts due from associates.

VIBRANT GROUP LIMITED
UNAUDITED CONDENSED INTERIM FINANCIAL STATEMENTS FOR HALF YEAR ENDED 31 OCTOBER 2025

The Group non-current liabilities decreased by \$7.1 million to \$100.9 million, mainly due to reduction in lease liabilities.

Current liabilities increased by \$6.5 million to \$124.5 million, largely attributable to higher trade and other payables, as well as an increase in bank borrowings.

Cash Flow Analysis

As at 31 October 2025, the Group has cash and cash equivalents of \$61.0 million.

For 1H2026, the Group generated net cash from operating activities of \$15.2 million primarily from the operating profit before working capital.

Net cash outflow from investing activities amounted to \$1.0 million for 1H2026, primarily due to loans to related parties.

Net cash outflow from financing activities for 1H2026 was \$13.1 million, mainly due to the repayment of bank borrowings, lease liabilities and finance costs.

3. Where a forecast, or a prospect statement, has been previously disclosed to shareholders, any variance between it and the actual results

Not applicable as there are no forecast or prospect statement previously disclosed.

4. A Commentary at the date of the announcement of the significant trends and competitive conditions of the industry in which the group operates and any known factors or events that may affect the group in the next reporting period and the next 12 months

The freight forwarding and logistics industry continues to operate in a challenging environment, characterised by uncertain global trade sentiment resulting from geopolitical tensions affecting key shipping routes. These factors have prolonged supply chain disruptions and contribute to fluctuations in cargo flows and operating costs.

Over the next reporting period and the next 12 months, the Group expects market conditions to remain volatile, with uneven customer demand that may impact freight volumes, pricing, and margins. The Group will continue to monitor market developments closely and adjust its operations to maintain resilience and support sustainable performance.
